

# Tell Me I'm Wrong

[Eskobar](#)

It's not easy being friends, it's even harder being lovers  
The flag is waving it's the end, I build a shelter under my covers  
Where I sit I think of you my only love Tell me I'm wrong but I feel so free and so small at the same time  
Tell me I'm wrong but I feel so free and so small at the same time  
And so small at the same time It's not even making sense the ground we walk or sky above us  
So how to understand the end, I build a shelter under my covers  
Where I sit I think of you my only love Tell me I'm wrong but I feel so free and so small at the same time  
Tell me I'm wrong but I feel so free and so small at the same time  
Tell me I'm wrong but I feel so free and so small at the same time Where I sit I think of you my only love Tell  
me I'm wrong but I feel so free and so small at the same time  
Tell me I'm wrong but I feel so free and so small at the same time  
Tell me I'm wrong but I feel so free and so small at the same time  
And so small at the same time
