BLUE

Moe Turk (feat. Maura Hope)

Oh, Oh...  
Stuck on you  
Step by step  
Step by step  
Lovin, oh oh

Step by step, let's take it slow  
Enjoy the summer and don't let go  
Step by step, take your time  
To show me how bad you wanna be mine

I need a little lovin  
I need a touch from you  
Let me drift away, in those eyes of blue  
I need a little lovin  
I need a touch from you  
Let me drift away, in those eyes of blue  
Like the sky so blue, in those eyes of blue  
They're why the sky's so blue

Oh oh.....

I need a little lovin  
I need a touch from you  
Let me drift away, in those eyes so blue  
I need a little lovin  
I need a touch from you  
Let me drift away, in those eyes of blue  
Like the sky so blue, in those eyes of blue  
They're why the sky's so blue

Oh oh.....

Stuck on you  
Step by step  
Step by step
