The Crippler

Sodom

Don't believe in rights
There is no such thing
Tearing up the garbage
With pain and sufferingBreaking rules is your desire
You got no sympathy
I'll put you in a wheelchair
That's your penaltyNothing is secure
Nowhere is safe
Once you cross the line
I will break your spineThe crippler
Broadcast violence
The crippler
Prime time gladiator
The crippler
Bloodsport champion
The crippler
He will take you downShattering your kneecaps
The crowd begins to roar
They want more violence
This is a bloody warNothing is secure
Nowhere is safe
Once you cross the line
I will break your spineThe crippler
Broadcast violence
The crippler
Prime time gladiator
The crippler
Bloodsport champion
The crippler
He will take you downMutilated bodies
Crying out in vain
I will get the trophies
They will not regainOnce you cross the line
I will break your spineThe crippler
Broadcast violence
The crippler
Prime time gladiator
The crippler
Bloodsport champion

The crippler
He will take you downAdrenaline is pumping
Better you than me
I'm gonna make you bleed
I like brutalityThe crippler
Broadcast violence
The crippler
Prime time gladiator
The crippler
Bloodsport champion
The crippler
He will take you down
The crippler
Kicks to the genital
The crippler
Bigfoot in your face
The crippler
Pulling off your fingernails
The crippler
There is no better place
