

# Walk Alone Again

## Upon a Burning Body

I can't escape  
My past is going to haunt me forever  
The darkness tries to taunt me  
Give in  
Just a taste of what you desire  
Get out of my head you fucking liar Everywhere I look there's a constant reminder  
My demon's coming here to take me under  
I won't go down without putting up a fight  
I'll be bruised and bleeding before I let you take my life I am the one who will claw my way out  
You can push and pull (but you won't drag me down)  
I am the one to walk alone again  
You can beg and plead (but you're dead to me) Let go of me  
Your grip is failing to hold me down now  
I'll walk out, lock the door and throw the key away  
You can have my past, that's all you are to me  
You can have my past, trapped with all that misery  
That's not me anymore  
I've come too far to fail  
Knife to the throat of me giving in  
I can see the eyes bearing from the fire inside  
All of my demons try to drag me down to Hell I am the master of my own way out I am the one who will claw  
my way out  
You can push and pull (but you won't drag me down)  
I am the one to walk alone again  
You can beg and plead (but you're dead to me) I am the one who will claw my way out  
You can push and pull (but you won't drag me down)  
I am the one to walk alone again  
You can beg and plead (but you're dead to me) No, you're not welcome in my head  
Your condescending words about who I am  
No you're not welcome anymore
