# Scream at the Sky

## Grip Inc.

Patterns in the ground
Structures built for what
Real the premise
We are not aloneTruth kept locked away
Evidemce, records destroyed
Sightings shrouded in abscurityAbductions, scarred remains
Comming to, returning from where
Testimony defies all reasoning
ScreamSecrets will survive
Never to melt away
Nothing disappears without a traceHanger 18 denied
Encounters called a hoax
All out conspiracy of silenceSkeptical attitudes
Enforced by policies
Denial of cover-up
The biggest lie of allScream. Scream at the sky
My body snakes in pure frustration
I feel you watching me
I feel you piercee my eyes
No mysteries closed with open mindsScream, scream at the sky
Scream, scream at the sky
Scream
