

My Kind of Rock

Helix

Now listen up Different strokes for different folks
Different points of view Here we are cut and dried
Now it's up to you Do you like it
Lean and mean
Do you like it
Does it make you scream
Do you like it
It's the best I've seen
Does your mamma know where you've been? It's My Kinda Rock
Well, it's my kinda roll
Hold on tight, never let go
There are critics, and there are cynics
They don't understand But when it's done and we've had our fun
We'll do it all again Do you like it
Hard and loud
Do you like it
Do you like that sound
Do you like it
It's the best I've found
It gets you up and never lets you down It's My Kinda Rock
Well, it's my kinda roll
Hold on tight, never let go
It's My Kinda Rock
Well, it's my kinda roll
Hold on tight, never let go
It's My Kinda Rock
Well, it's my kinda roll
Hold on tight, never let go
It's My Kinda Rock
Well, it's my kinda roll
Hold on tight, never let go
