Detroit

Everclear

I am dreaming of a Michigan girlfriend
All bright-eyed and happy in pain
I am dreaming of a Michigan girl
See her come aroundFall down, break and scatter everywhere
I close my eyes and I can see her waiting
I am pleading for a Michigan dream girl
I am pleading for a Michigan girl
See her come aroundBig lie wrapped inside her little glove
I close my eyes and I can see her waiting patient for me
I cover my ears, I clear my mind
She starts to fadeI am dreaming of a Michigan girlfriend
She's starting to fade
I am dreaming of a Michigan girl
I close my eyesI see her waiting, oh, so patient for me
I cover my ears, I close my mind
She's starting to fade
