## Everclear

I am dreaming of a Michigan girlfriend  
All bright-eyed and happy in pain  
I am dreaming of a Michigan girl  
See her come around Fall down, break and scatter everywhere  
I close my eyes and I can see her waiting  
I am pleading for a Michigan dream girl  
I am pleading for a Michigan girl  
See her come around Big lie wrapped inside her little glove  
I close my eyes and I can see her waiting patient for me  
I cover my ears, I clear my mind  
She starts to fade I am dreaming of a Michigan girlfriend  
She's starting to fade  
I am dreaming of a Michigan girl  
I close my eyes I see her waiting, oh, so patient for me  
I cover my ears, I close my mind  
She's starting to fade
