No One (feat. Matthew Steeper)

Project 46

I'm walking down the road less travelled
It's harder when the sun is shining 'cause the light's not fair
I'm talking to my darkest shadows
This love is do or die, but they don't careI don't know why
I do this to myself
It's not right,
but I can't love no one else (no one else)
But I can't love no one else (no one else)
But I can't love no one else
But I can't love no one else
(Aaaah-aaah-aaaah)I'm walking down the road less traveled
It's harder when the sun is shining 'cause the light's not fair
I'm talking to my darkest shadows
This love is do or die, but they don't careI don't know why
I do this to myself
Its not right,
but I can't love no one else (no one else)
But I can't love no one else (no one else)
But I can't love no one else
But I can't love no one else
(Aaaah-aaah-aaaah)
(no one)
(Aaaah-aaah-aaaah)
