## Afu-Ra

[Afu-Ra]

You wanna roll with the alphanumerical  
Lyrical, serial syllable killa wit the realness  
Feel this, mix tape shots, I peal this  
Ayatollah, strike like Casanova  
Give me a beat, and my styles, I run it over  
Corner ya brain, like a game of chess, nah  
How a million MC's gon' be the best  
You couldn't go against the squad, if your rhymes was hard  
What made you think that you can challenge the stars?  
Don't go against the grain, insane, ready to aim  
No stoppin a, rockin a, hip hop philosopher  
MC's and DJ's, your urban opera  
I said it, intelligently, ain't nuthin next to me  
Certainly, you couldn't even deal wit my weaponry  
I interject like the Internet, wet ya sets  
Ya ain't even heard nuttin yet
