ORESKABAND

Don't make me sad
I don't want to hear anymore of your lies
I want to trust you.
Thank you anyway.
I'll never forget you

You made me happy (happy!!)
I am happy to have known you (PROMISE!! PROMISE!!)
Be happy than i (happy!!)
I am fine to laugh usual (I HOPE!!)

Listen carefully!
I have the night, I can't sleep sometimes, but if I can find the first star in the black sky then
I'll not be lonely

You are able to have prosperity (so get it!)
Because you are sid vicious for me, darling!

You made me happy (happy!!)
I am happy to have known you (PROMISE!! PROMISE!!)
Be happy than i (happy!!)
I am fine to laugh usual (I HOPE!!)

I have the night, I can't sleep sometimes, but if I can find the first star in the black sky then
I'll not be lonely

You are able to
have prosperity (so get it!)
Because you are sid vicious for me, darling!

I have the night, I can't sleep sometimes, but if I can find the first star in the black sky then
I'll not be lonely

You are able to
have prosperity (so get it!)
Because you are sid vicious for me, darling!
