

# Stay Strong

## Newsboys

Here in the moment now  
A bitter root  
A wondering eye and then  
The ties that bind start wearing thin  
Thin  
Here in the moment now  
When all that youve been blessed with  
Is not enough  
Hes where the ground gets loose  
Hes where the devils calls you bluff Stay strong  
You are not lost  
Come on and fix your eyes ahead  
Theres a new dawn to light our day  
Our day  
Youve got to stay strong  
You and I run  
For the prize that lies ahead.  
Weve come too far to lose our way  
Our way Weve seen the tragic flaws  
The tortured souls  
The saints with feet of clay  
Heres where sin becomes clich  
Weve come through wilderness and watched  
The cloud by day  
The burning sky into dawn  
Have you forgotten who you are?  
Did you forget whose trip youre on? Stay strong  
You are not lost  
Come on and fix your eyes ahead  
Theres a new dawn to light our day  
Our day  
Weve gotta stay strong  
You and I run  
For the prize that lies ahead  
Weve come too far to lose our way  
Our way Get up, theres further to go  
Get up, theres more to be done  
Get up, this witness is sure  
Get up, this race can be won.

This race can be won. Weve gotta stay strong

You are not lost

Come on and fix your eyes ahead

Our Fathers dawn will light our day

Our day

Come on and stay strong

His grip is sure

And His patience still endures

There'll be no letting go today

No way.

Come on and stay strong

You and I run

For the prize that lies ahead.

Weve come too far to lose our way

Our way
