

# Wake Up

H2O

Wake up, don't give up  
Get off your knees  
It's your last chance  
Or will you  
Blame it all on circumstance  
Where will you go?  
When times are slow  
And your still  
Waiting for your next command  
Waiting for your next command  
Never gave your dreams a chance  
Blamed it all on circumstance  
Wake up, don't give up
