Getting By With It's

Reggie and the Full Effect

I see your sister staring at me out of the window
She wants to talk to me to learn the things that she don't know
And it's all just part of education
And we'll tell the kids across the nationAnd it's you that does this to me
(We'll get by, we'll get by)
And it's you that sees right through me
(We'll get by, we'll get by)
And it's you that's never done
(We'll get by, we'll get by)And it's you that does this to me
(We'll get by, we'll get by)
And it's you that sees right through me
(We'll get by, we'll get by)
And it's you that's never done
(We're getting by with it, we're getting by with it)Get in the backseat, back beat, baby, you're too slow
Why'd you keep running girl 'cause that was two records ago?
And it's always for the satisfaction
And we do it just to get a reactionAnd it's you that does this to me
(We'll get by, we'll get by)
And it's you that sees right through me
(We'll get by, we'll get by)
And it's you that's never done
(We'll get by, we'll get by)And it's you that does this to me
(We'll get by, we'll get by)
And it's you that sees right through me
(We'll get by, we'll get by)
And it's you that's never done
(We're getting by with it, we're getting by with it)We'll get by with it
We'll get by with itDon't every worry about me
'Cause I'll make a monkey of me
And you'll be just fineAnd it's you that does this to me
(We'll get by, we'll get by)
And it's you that sees right through me
(We'll get by, we'll get by)
And it's you that's never done
(We'll get by, we'll get by)We'll get by with it
We'll get by with it
We'll get by with itAnd it's you that does this to me
(We'll get by, we'll get by)
And it's you that sees right through me

(We'll get by, we'll get by)
And it's you that's never done
(We're getting by with it, we're getting by with it)We'll get by with it
We'll get by with itAnd it's you that does this to me
(We'll get by, we'll get by)
And it's you that sees right through me
(We'll get by, we'll get by)
And it's you that's never done
(We're getting by with it, we're getting by with it)We'll get by with it
We'll get by with itAnd it's you that does this to me
(We'll get by, we'll get by)
And it's you that sees right through me
(We'll get by, we'll get by)
And it's you that's never done
(We're getting by with it, we're getting by with it)We'll get by with it
We'll get by with it
