

World of Girls

Joe

Met a girl on trip to Spain
Took a walk and in the rain
Dinner by candle-light, every night
She was everyman's delight Had a dream [Incomprehensible]
Bentley and humor and I fell in love
Instantly the way she put that thing on me I have kissed the most exotic faces
From London to Honolulu
Made love in the most romantic places
What more can one man do Livin' in a world of girls
It's like swimming in a sea of pearls
Tastes like caviar, watching shooting stars
She tastes like caviar, but you're shooting stars
Like silk to the touch, diamonds in a ruff Had a girl who was a beauty queen
Most beautiful one to me
Straight out of a magazine, centerfold
Took a ride on my [Incomprehensible] Puerto Rican, Dominican, Americana
And beautiful Rio Janeiro
And they all look so good to me, oh I have kissed the most exotic faces
From London to Honolulu
Made love in the most romantic places
What more can one man do Livin' in a world of girls
It's like swimming in a sea of pearls
She tastes like caviar, but you're shooting stars
Like silk to the touch, diamonds in a ruff Like a ride in an air balloon
Through the sky on a night with a silver moon
Like the first time lovers kissed
Like the first time lovers with come true Like a Saturday sun
Like a rush when you know
You're found that one
It feels so good to me Livin' in this world of girls
It's like swimming in a sea of pearls
She tastes like caviar, but you're shooting stars
Like silk to the touch, diamonds in a ruff Livin' in this world of girls
It's like swimming in a sea of pearls
She tastes like caviar, but you're shooting stars
Like silk to the touch, diamonds in a ruff Like a ride in an air balloon
Through the sky on a night with a silver moon
Like the first time lovers kissed
Like the first time lovers wish come true Like a Saturday sun

Like a rush when you know
You're found that one
It feels so good to me
