Keep It Natural

Cosima

Right from the start, gotta' keep it sweet.
Let's keep it natural. (Natural)
If you dont relax, then you're never gunna keep it natural. (Natural)Keep the jealousy inside, dont run too far ahead,
Keep the numbers in your phone, the memories in your bed.
Don't be to quick to judge when your body's on the floor,
Don't make it complicated, just keep the feeling raw.Stay with me in ths moment, don't be afraid.It's here and it's now, we're living it loud.
Show me what you're all about, yeah.
No need to disguise, overanalyse.
Just keep it natural.Keep playing in my head, and feeding me the lie,
Telling me that your love is a special kind.
Get lost in the sound, we're here and we're now.
So keep it, keep it natural.Don't be shy to tell me what you wanna do tonight,
Don't interupt the flow when its starting to feel right.
Tell me all your fantasies, tell me lies.
Tell me that you'll call me up after tonight, oh.Stay with me in this moment,
Let's live here in this moment.
Say it with me in this moment,
Don't be afraid.It's here and its now, we're living it loud,
Show me what you're all about, yeah.
No need to diguise, overanalyse.
Just keep it natural.Keep playing in my head, and feeding me the lie.
Telling me that your love is a special kind.
Get lost in the sound, we're here and we're now.
So keep it, keep it natural. (Oh oh oh oh)Uh-ho, oh oh oh oh. (Hey hey hey)Right from the start gotta keep it sweet,
Lets keep it natural. (Natural)
If dont relex, then you're never gunna keep it natural. (Natural)It's not about love baby, It's gotta be make believe with you. (Hey hey hey)It's here and it's now, we're living it loud,
Show me what you're all about, yeah.
No need to disguise, overanalyse.
Just keep it natural.You're playing in my head, you're feeding me the lie.
Your telling me that your love is a special kind.
Get lost in the sound, we're here and we're now,
So keep it, just keep it natural.
