Let's Get Together

Van Alexander

Love is but a song we sing
Hear away, we die
You can make the mountains ring
Hear the angels cry
Though the dove is on the wing
You need not know why
Hey, people now
Smile on your brother
Let me see you get together
Love one another right now
Some will come and some will go
We shall surely pass
When the wind that left us here
Returns for us at last
We are but a moment's sunlight
Fading on the grass
Hey, people now
Smile on your brother
Let me see you get together
Love one another right now
Hey, people now
Smile on your brother
Let me see you get together
Love one another right now
If you hear the song I'm singing
You will understand
You hold the key to love and fear
All in your trembling hand
One key unlocks them both, you know
It's at your command
Hey, people now
Smile on your brother
Let me see you get together
Love one another right now
