Bio Blood Society

Nicotine

Why? Tell me why! What the hell is going on?
Now! Tell me now!
'cause I don't even understand myself
Never! You never ever go across that fatal line
Why? Tell me why! Something's going on...I'm a creature who's got a broken genes
I look like a monster but I can feel
I'm a psycho, with nowhere to go
But I'm a fighter, you know what I mean
I've lost my girl, I've lost my friends
I've lost everything, got nothin' a lose
Then, one day, I saw a pretty girl
She loved my lonely heart 'n'
All my tenderness How should I know?
Why don't you tell me the fate of my lifeIt's getting faster...
Our life can be a rollercoaster
That's lost a wheel
I can not forget what that means
'cause I'm alive just not to give
People say "You're not like that!"
People say "Don't try to be different!"
I don't wanna be just like them
'cause I'm independent of society
How should I know?
Why don't you tell me the fate of my life?
Gimme the reason why? Tell me why!
What the hell is going on?
Now! Tell me now!
'cause I don't even understand myself
Never! You never ever go across that fatal line
Why? Tell me why! Something's going on...She's the one I believe inHow should I know?
Why don't you tell me the fate of my life?
I'm just wondering why... Why? Tell me why!
What the hell is going on? Now! Tell me now!
'cause I don't even understand myself
Never! You never ever go across that fatal line
Why? Tell me why! Something's going on...
Gimme the reason why? Tell me why!
What the hell is going on?
Now! Tell me now!

'cause I don't even understand myself
Never! You never ever go across that fatal line
Why? Tell me why! Something's going on...There's no future, No way!
