

These Burgers

The Moldy Peaches

When the worlds got you down
Rainy Sundays, sunny town
Tropicana, canned food
Botulism, damaged goods See the hipsters in the park
Hair so styled, clothes so dark
Prefab molded hamburgers
I dont want a bite of yours These burgers are crazy
These burgers are crazy
These burgers are crazy
These burgers are crazy They dont like you, never will
They slip you the happy pill
Assimilation so they think
Send you to the naughty shrink You just tell em lies, lies
Paranoia bugs and flies
You dont like them, never did
You dont like them, never did These burgers are crazy
These burgers are crazy
These burgers are crazy
These burgers are crazy
