

# My Last Day

## Grazes

I'd like to watch you grow tall - it can never be  
Kiss you to sleep but I know it can never be  
Wipe away all of your tears - it can never be  
Wake you to see a sunrise I will never see Ooh, it comes  
Ooh, it comes  
Ooh, it comes  
Ooh, my last day I'd like to mend every hurt - it can never be  
Be there to catch every fall - it can never be  
Be there to love everything you will ever be  
Sleep now I wish you sweet dreams I will never see Ooh, it comes  
Ooh, it comes  
Ooh, it comes  
Ooh, my last day
