

Karma's Payment

Modest Mouse

Down low, down low, down low
Down low, down low, down low
Down low, down low, down low I am not who I want to be
I probably will not ever be
I drove my car on June 14th
I drove it right on down the street I have not had any sleep
So I ate Minithins to stay awake You crash your car right into me
There's two days that I didn't sleep Down low, down low, down low
Down low, down low, down low
Down low, down low, down low I am not who I want to be
I probably will not ever be
I took a trip down to California Karma payment plan
Karma payment plan
Karma payment plan
Karma payment plan My car broke down, on the street
The radiator sprung a leak
I passed this guy
He said that he could help me I'm on the Karma payment plan
I'm on the Karma payment plan We went to his house and did some speed
He said, Karma would pay for this deed
He got fixed and he started to scare me I ditched him eventually
And came back for the van the next morning I'm on the Karma payment plan
I'm on the Karma payment plan I went to L. A. the next day
I got jacked, in a really bad way
I can not tell you, but it's a long story
