

I'm Leaving You (Commit a Crime) [Live]

Stevie Ray Vaughan & Double Trouble

I'm leavin' you woman, before I commit some crime
I'm leavin' you woman, before I commit a crime
You the evilest woman I think ever crossed my mind
You put poison in my coffee instead of milk and cream
You poison my coffee in with that milk and cream
You're the meanest woman I think I've most ever seen
You mix my drink with a can of Red Devil lye
You mix my drink with a can of Red Devil lye
Then you sit right down, watchin' me, hopin' I might die
You better be watchin' me baby, it was not my time
You better be watchin' me baby, just might be your time
