

# Warm Whispers

[Missy Higgins](#)

Your warm whispers  
Out of the dark they carry my heart  
Your warm whispers  
Into the dawn they carry me through And I am weeping warm honey and milk  
That you stay surrounding me, surrounding me Your warm whispers  
Letting me drown in a pool of you  
Your warm whispers  
Keeping the noise from breaking through And I am weeping warm honey and milk  
That you stay surrounding me, surrounding me  
Yeah, I am weeping warm honey and milk  
That you stay surrounding me Your warm whispers  
Your warm whispers And I am weeping warm honey and milk  
Your warm whispers  
Yeah, I am weeping warm honey and milk  
Your warm whispers Your warm whispers  
Your warm whispers  
Your warm whispers
