

Lying

[Sam Phillips](#)

If I said, I believe my eyes
And science can move my soul
If I said, I'm not afraid to die
And I don't need you I'd be lying If I said, the way he looks at me
Doesn't make me want to undress
If I said, I could leave you now
And go where I could forget I'd be lying I've been lying all my life with silence
And I need to find the words to tell you If I said, I don't want what I don't have
And all the answers are enough
If I said, I believe in myself
And that's enough I'd be lying
