Don't Leave Me Alone With Her

Daryl Hall

(daryl hall)Levels
It's just a case of choosing my priorities
Stages
It's just the art of changing our perception
But when I see that girl it messes my security
So please don't leave me alone with herShe always calls me when I'm still at home
Hope I can call you while you're still at home
She always calls before I get away
Hope I can catch you before you get awayLevels
Always a case of choosing my priorities
Stages
It's just the art of changing our perception
But when I see that girl it messes my securities
So please don't leave me alone with herShe wants five minutes of what's taken me a lifetime
I get to see you in between your shows
There are different stages, levels, steps
I think we're far enough gone to worry nowShe wants five minutes of what's taken me a lifetime
