The Coyote

Rita Hosking

Well the coyote, she run day and night.
Yeah the coyote, she run day and night.
Y'know it takes her a little trouble just to get a bite.

There's time to treat me right.
There's time to treat me right,
It's gonna take you a little trouble, but won't it feel nice.

I've found a way to live.
I've found a way to live.
Gonna take me a little trouble, but I got some to give.
Gonna take me a little trouble, but I got some to give.
