

# The Next Voice You Hear

[Jeannie Seely](#)

The next voice you hear will be your conscience  
As you lie awake and try so hard to sleep  
And your unfaithful heart will have to listen  
To those shabby little secrets you keep You'll be tormented like you tormented me  
And the tears of shame will fall with every memory  
But the next voice you hear will make you listen  
Till you wish that you had listened to me You'll be tormented like you tormented me  
And the tears of shame will fall with every memory  
But the next voice you hear will make you listen  
Till you wish that you had listened to me
