

Out My Mind

[ScottDW](#)

I thought you should know, I caught your set - really put on a show.
And when ya.(.2 second break)..twisted the flow, I felt the gravity letting me go.

Main Chorus:

You got my heart!

You got my soul!

You got me spinnin' I'm about to lose control!

This is my life!

That's on the line!

You got me worried that I'm going out my mind, out my mind, I'm out my mind!

You're frozen in smoke

It's like a wildfire burning the snow

You're killin' me slow

A deadly weapon with a microphone

You got my heart

You got my soul

You got me spinnin' I'm about to lose control

This is my life

That's on the line

So call me crazy I'm obsessed have to get this off my chest I'm out my mind.

RAP PART:

Let's Go.

Hit it, watch me spit it

Watch me turn up on the floor

Did it, see you wishin' you were with me I-I-I

I see you watchin' my body poppin' it up

My music rockin' it up

We hotties toppin' it off I-I...

MAIN CHORUS:

You got my heart

You got my soul

This is my life

That's on the line

You got me worried that I'm going out my mind, out my mind I'm out my mind

You got my heart

You got my soul

You got me spinnin' I'm about to lose control
This is my life
That's on the line
So call me crazy I'm obsessed
Have to get this off my chest I'm out my mind

Thanks for viewing! Peace out guys!
