

# I Love You But I Don't Know What to Say

[Ryan Adams](#)

We belong here, we belong here  
Ain't nobody that can tell us we're wrong  
Help me say, say this to you  
I'll be by your side, see you through I promise you that I will keep you safe from harm  
Love you all the rest of my days  
When the night is silent and we seem so far away  
Oh I love you but I don't know what to say I was lost, I was lost  
Tried to find the balance, got caught up in the cost  
Let it go, when I met you  
All the clouds parted, all that light came shining through I promise you I will keep you safe from harm  
And love you all the rest of my days  
When the night is silent and we seem so far away  
Oh I love you and I don't know what to say
