

# Lets Get Married

## Kyan Lovelace

See, first of all, I know these so called playas wouldn't tell you this

    But I'm a be real and say what's on my heart

    Let's take this chance and make this love feel relevant

Didn't you know I loved you from the start, yeahWhen I think about, all the years we've put in this relationship

    Who knew we'd make it this far, then I think about

    Where would I be if we were to just fall apart

And I can't stand the thought of losing youMeet me at the altar in your white dress

    We ain't getting no younger, we might as well do it

    Been feeling you all the while girl I must confess

Girl let's just get married, I just wanna get marriedMeet me at the altar in your white dress

    We ain't getting no younger, we might as well do it

    Been feeling you all the while girl I must confess

Let's get married, baby let's get marriedSaid I done it all, but frankly girl I'm tired of this emptiness

    I wanna come home to you and only you

    'Cause making love to just anyone ain't happening

I just gotta be with youDo you think about, us finishing somethin' we started so long ago

    I wanna give you my all

    Do you think about, maybe us having some babies?

Come on won't you be my lady, forever, yeahI'm ready to, commit to you

    And I just can't wait for that night

    'Cause I need you here with me

And let's start a familyMeet me at the altar in your white dress

    We ain't getting no younger, we might as well do it

    Been feeling you all the while girl I must confess

Girl let's just get married, I just wanna get marriedMeet me at the altar in your white dress

    We ain't getting no younger, we might as well do it

    Been feeling you all the while girl I must confess

Let's get marriedMeet me at the altar in your white dress

    We ain't getting no younger, we might as well do it

    Been feeling you all the while girl I must confess

Girl let's just get married, I just wanna get marriedMeet me at the altar in your white dress

    We ain't getting no younger, we might as well do it

    Been feeling you all the while girl I must confess

Let's just get marriedMeet me at the altar in your white dress

    We ain't getting no younger, we might as well do it

    Been feeling you all the while girl I must confess

Girl let's just get married, I just wanna get marriedMeet me at the altar in your white dress

    We ain't getting no younger, we might as well do it

    Been feeling you all the while girl I must confess

Let's get married
