Don't Be Sad

Whiskeytown

Seen a lot of things we didn't wanna see
But I'm glad we did
I know a lot of times we fell out of line
But we fell back inI think we lost the keys to the kingdom
Before we'd seen them
Don't be sad, don't be sadIt took a lot time for us
To find the words we'd mean
We spent a lot time before our dimes run out
Nickel pleaseI think we lost the keys to the kingdom
Before we'd seen them
Don't be sad, don't be sad
Don't be sad, don't be sad'Cause we won't have to live this way forever
It's hard to compromise the things we have
Don't be sad, don't be sadTalk to one to have faith
Money can not eraseI think we lost the keys to the kingdom
Before we'd seen them
Don't be sad, don't be sad
Don't be sadTalk to one to have faith
Money can not erase
