Love Iz

Erick Sermon

People in the house, Sermon, aight
As we proceed, holla at ya boy
People in the house, scream at me, aight
Love is, yeah, music that you feel good
Neighborhood hood, gully
Roll through 'cause it's cool to boost the spirit
For the folks young an' old an' infants can hear it
Love is knowin' the rap game is not the same
An' still I came
Whoever killed 'Pac an' Smalls, they're lame
Erick Sermon, learn my name
Love is when I come through the spot
With no security guards, just me an' the Squad
I got love, a cat got checked by a fan
Holdin' me down, I got street respect
Love is when true fans who don't believe in rumors
Real consumers, who love what I'm doin'
That's why I proceed
Superman, the E don't bleed
Love is, yeah, never hatin'
Everybody's out there is people
Yeah, why you wanna take my car?
So we can be walkin' together
Love is Def Squad, Keith Murray
Redman, that's my people
Conversate with the next man
So we can be talkin' together
Love is when the planes hit
An' the world got together like baseballs an' mitts
New York's finest, so I represent my home
Hold weight on this microphone
Love is when I pray for my enemies
If drama, cats get smoked like chimneys
I'm not dyin' for a fake thug who need a hug
Not E Dub, I'm focused, man
Love is when your man got your back
An' hold you down when no one's around
An' bless that an' get that money

An' then pass it around so nobody's hungry

Love is I do what I do
When I can do it like no other to help my brother
An' I hope racism as a whole
Don't walk through life with a blindfold
Love is showin' love to those
Who paved the way, that's my people
Politic with Al Green
An' now we're singin' together
Love is, yeah, doin' it for black an' white
That's my people
Get tight altogether
So we can be livin' together
Love is, yeah, to be able to live
With a beautiful chick an' a couple of kids
With foreign cars, a house on land
I'm blessed, no doubt, y'all, check this out
Love is when your man can't pay the bills
An' you loaned him a couple of bills
Now that's real, I come from the heart, told ya
Erick Sermon, the underground soldier
Love is, yeah, Stevie Wonder an' Marvin Gaye
An' that's what I rock every day
An' take what they say an' then relay
When I R A P for y'all to play
Love is, yeah, God Almighty
The Alpha, Omega, there's no one greater
Then comes your moms, your fam is second
An' 'Love iz' the name of this record
Love is, yeah, rockin' the house
For hip hop, underground people
Yeah, it's only one God, whatever you call him
We still prayin' together
Love is, yeah, for all my true dawgs out there
Y'all my people
I'm in the house, cold lampin'
An' we're livin' together
Singin' together, what it is
Love is, love is prayin'
