Move

Phil Joel

AlrightHey, hey, hey, hey, hey
I got something to say
Ma, ma, ma, ma, my mind's made up
I'm goin' all the wayI'm on a roll, it's time to go
You gotta move, ma ma ma moveGive me north, give me south
Give me east, give me west
Once you got, I gotta want-a
I know it's the bestI'm on a roll, out of control
You gotta move, ma ma ma moveKeep on movin' on
Keep, keep movin' on
You gotta move it, babyKeep on movin', gotta move it alright
You gotta keep on movin', keep the goal in our eyes
You gotta keep on movin', gotta run for the prize
You gotta keep on movin', keep the goal in sightKeep on movin' on
Keep, keep movin' onThis brand new heart is guarded
I won't be an easy target
S-s-so don't you, don't you
Get it back to frontThere is no passive resistance here
They'll take your joy and run, soKeep on movin' on
Keep, keep movin' onKeep on movin', gotta move it alright
You gotta keep on movin', keep the eyes on the prize
Keep on movin', gotta run for your life
You gotta keep on movin', gotta movin' alrightKeep on movin', gotta run for the prize
You gotta keep on movin', keep your goal in sight, yeah
