### Apocalypse

In the end I will be happy  
In the end I will be fine  
If, the world will keep stop turning  
Could be be a moment of divine

The sooner it will come  
The better it would be

When its apocalypse time  
It should be apocalypse now

The ocean loose his water  
All clouds will disappear  
But the bleeding will be over  
Cause the end is very near

The sooner it will come  
The better it would be

When, its Apocalypse time  
It should be Apocalypse now

At the end I will be happy  
When the sky is felt apart  
All the living will be dead  
All those people ~gone or mad  
The sooner it will come  
The better it will be

When, its Apocalypse time  
It should be Apocalypse now

It's just the end it will be over.  
Collapsing stars ~the entire world  
It's for better or for worse  
To leave this all behind.

Cause, its Apocalypse time

It should be Apocalypse now.

Cause, its Apocalypse time  
It should be Apocalypse now.

Cause, its Apocalypse time  
It should be Apocalypse now.

Cause, its Apocalypse time  
It should be Apocalypse now.
