Dream Another Dream

Rialto

I had a dream but I just can't remember it.
What could it mean? How did I ever let it slip?
I'm a modern guy, I can't help but be sarcastic.
It's a brand new day, well isn't that fantastic?
* Hey, it's alright, cos at the end of the day
there's gonna be more nights.
Everything's OK, no need to get up tight,
we can dream another dream tonight.
Games show afternoons, is that all I was born for?
Sitting in my room just waiting till I'm called for?
* (repeat)
