Seasons

Tim Atlas

(Verse 1)
No,thinking about the past
And everything was how it seems
No, we knew it wouldn't last
Cause time leaves us like a dream

(Chorus)
I can't just stay
You know the reasons
Things they just change
And I hate the seasons
Cause they just bring
Color and feelings change, change
They rearrange

(Verse 2)
No, I was driving down your block
I glance in the direction of your heart
And no, I know that you're not there
And I knew it all from the start

(Chorus)
I can't just stay
You know the reasons
Things they just change
And I hate the seasons
Cause they just bring
Colors and feelings change, change
They rearrange

No, ooh
Colors change, change
They rearrange
No, oh ooh
