Rocket Man

Puddle of Mudd

She packed my bags last night pre-flight Zero hour nine a.m. And I'm gonna be high as a kite by then I miss the earth so much, I miss my wife It's lonely out in space On such a timeless flight And I think it's gonna be a long, long time To touch down, brings me round again to find I'm not the man they think I am at home Oh no, no, no, I'm a rocket man Rocket man burning out his fuse up here alone And I think it's gonna be a long, long time To touch down, brings me round again to find I'm not the man they think I am at home Oh no, no, and I'm a rocket man Rocket man burning out his fuse up here alone Mars ain't the kind of place to raise your kids In fact it's cold as hell And there's no one there to raise them if you did And all this science I don't understand It's just my job five days a week Rocket man, rocket man And I think it's gonna be a long, long time To touch down, brings me round again to find I'm not the man they think I am at home Oh no, no, well, I'm a rocket man Rocket man burning out his fuse up here alone And I think it's gonna be a long, long time To touch down, brings me round again to find I'm not the man they think I am at home Oh no, no, well I'm a rocket man Rocket man burning out his fuse up here alone And I think it's gonna be a long, long time And I think it's gonna be a long, long time And I think it's gonna be a long, long time And I think it's gonna be a long, long time And I think it's gonna be a long, long time And I think it's gonna be a long, long time And I think it's gonna be a long, long time

Long, long time, long, long time
And I think it's gonna be a long, long time
Time, yeah, time, yeah, time, yeah, time, yeah, time
It's gonna be a long, long time
And I think it's gonna be a long, long time
And I think it's gonna be a long, long time
And I think it's gonna be a
And I think it's gonna be a long, long time
Long, long time, long, long time, long, long time
And I think it's gonna be a long, long time
Think it's gonna be a long, long time, yeah
