Honey

Moby

Get my honey come back, sometimes

I wanna rap like that, sometimes

I get a hump in my back, sometimes

I'm going over here, sometimesGet my honey come back, sometimes

I wanna rap like that, sometimes

I get a hump in my back, sometimes

I'm going over here, sometimesGet my honey come back, sometimes

I wanna rap like that, sometimes

I get a hump in my back, sometimes

I'm going over here, sometimesGet my honey come back, sometimes

I wanna rap like that, sometimes

I get a hump in my back, sometimes

I'm going over here, sometimesGet my honey come back, sometimes

I wanna rap like that, sometimes

I get a hump in my back, sometimes

I'm going over here, sometimesGet my honey come back, sometimes

I wanna rap like that, sometimes

I get a hump in my back, sometimes

I'm going over here, sometimesGet my honey come back, sometimes

I wanna rap like that, sometimes

I get a hump in my back, sometimes

I'm going over here, sometimesGet my honey come back, sometimes

Get my honey come back, sometimes

Get my honey come back, sometimes

Get my honey come back, sometimes Way down yonder, get my honey come back

Way down yonder, get my honey come back

Way down yonder, get my honey come back

Way down yonder, get my honey come backWay down yonder, get my honey come back

Way down yonder, get my honey come back

Way down yonder, get my honey come back

Way down yonder, get my honey come

Way down yonder backGet my honey come back, sometimes

I wanna rap like that, sometimes

I get a hump in my back, sometimes

I'm going over here, sometimes
