

# Christmas All Year Long

## Sawyer Brown

You can tell by the way the kids are all grinning  
And by the size of the crowds in and out of church  
When there's this many men out shopping with the women  
You know it's not just another day off from workIt's Christmas, it could only be Christmas  
Perfect strangers on the sidewalk, singing songs  
Giving is such a part of living  
Oh, I wish it could be Christmas all year longIf people smile even when it's against their nature  
When the news hunts down something nice to say  
And they even get along in the legislature  
You know it's not just any old holidayIt's Christmas, it could only be Christmas  
Perfect strangers on the sidewalk, singing songs  
Giving is such a part of living  
Oh, I wish it could be Christmas all year long
