Distrust

Omit

Running my way towards oblivion
Inside my head electric insomnia
In your mind I'm fed with distrust
Heading for anything better than thisI want to be forgotten
I want you to forgive
How I am losing all this
It's just the way I liveI want to be forgotten
I want you to forgive
How I am losing all this
It's just the way I liveRunning my way towards oblivion
Inside my head smoke screen's gone
Leaving all this to be undone
Heading for anything better than thisI want to be forgotten
I want you to forgive
How I am losing all this
It's just the way I liveI want to be forgotten
I want you to forgive
How I am losing all this
It's just the way I liveRunning my way towards oblivion
Outside my head only the dark
In your mind I'm the end of it all
Heading for anything better than this
