Next Generation

One Man Army

Out On The Street
Out In The Cold
No One Cares And Nobody Knows
The Night Is Young It Belongs To Us
As The City Sleeps
That's When We're Feeling Alright
Next Generation
Come Out To The Corners
All You Boys And Girls
There's A Brand Bew Sound
On The Airwaves
Ringing Out Loud All Across The Way
From The City Downtown To The Golden Gate
It Don't Matter Where You're Coming From
As Long As You're Here You'll Be A Part Of This Song
The Night Is Young Yeah It Belongs To Us
As The City Sleeps I Know You're Feeling Alright
Alright Everybodys Ours Tonight
When Tomorrow Comes
We'll Tear Down The Wall
Until It All Comes Down Down Down
It Doesn't Matter Where You're Coming From...
The Next Generation
