

Crawl Down

Cyclefly

You move like a slow train, on rubber wheels
Crawl from the drain way to covet me
You lie in a doorway and softly scream
I want to be obscenity I am the pleasure you call pain
The flash that lacerates your brain
The undisputed King of shame Your focus your brain waves, on sodomy
Roll in the black rain, in agony
You died in a doorway, reflecting me
I want to be obscenity I am the pleasure you call pain
The flash that lacerates your brain
The undisputed King of shame, shame I am the heroin you sort
The bloody fetus you abort
We all crawl down
We all crawl down I am the pleasure you call pain
The flash that lacerates your brain
The undisputed King of shame, shame I am the heroin you sort
The bloody fetus you abort
We all crawl down
We all crawl down We all crawl down
We all crawl down
We all crawl down
We all crawl down We all crawl down
We all crawl down
We all crawl down
We all crawl down We all crawl down
We all crawl down
We all crawl down
Down, down, down, down
