The Gardener

Tiny Deaths

walked out
of the right sun
into the wrong shade
with the right one
on the wrong day
in the right spot
at the wrong time
wrong heart
right mind
and I know now
that it won't help
if my heart was
in the right place
when my body
was somewhere else
doing who knows what
doing who?
no

I mean well

let me know if you change your mind
let me know if you lose your mind

stepped off
of the right path
on the wrong way
down a one-way
with a ton weight
on my back
like a knapsack
I'm addictive
and I know that
I'm a liar
I'm a riot
I will love you
and I mean it
I will plant the seed
I will kill it

no green thumbs
shy of sickness

I mean well
let me know if you change your mind
let me know if you lose your mind
