

# A-1 On the Jukebox

**BR5-49**

When I started out I thought that I'd make it double quick  
I had that kind of confidence that I was picked to click  
But if you could stand in my shoes you wouldn't feel so smart  
'Cause I'm A-1 on the jukebox, nowhere on the charts  
My Agent gives me spendin' cash, his pockets seem so deep  
I'd live just like a millionaire if it were mine to keep  
But money ain't a problem, no, though it may be a part  
When you're A-1 on the jukebox, nowhere on the charts  
A-1 on the jukebox, big Wurlitzer star  
I know we're on the hit parade 'cause no one likes my art  
And I'm A-1 on the jukebox, nowhere on the charts  
A-1 on the jukebox, played in every bar  
A-1 on the jukebox, a big rock older star  
I've seen the fortune on the trays  
They take my every cent  
I see my name in black and white  
But words don't pay the rent  
I know that I could make a run if only I could start  
But I'm A-1 on the jukebox, nowhere on the charts  
Yes, I'm A-1 on the jukebox, nowhere
