

One More Time To Live

The Moody Blues

Look out of my window
See the world passing by
See the look in her eye

One more time to live and I have made it mine
Leave the wise to write for they write worldly rhymes

And he who wants to fight begins the end of time...
For I have riches more than these
For I have riches more than these

Solution

Look out on the hedgerow

As the world rushes by

Hear the birds sign a sigh

One more tree will fall how strong the growing vine

Turn the earth to sand and still permit no crime

How one thought will live provide the others die

For I have riches more than these

For I have riches more than these
