

Shooting Stars (Original)

Bag Raiders

It's late and I'm awake
Staring at the wall
Open up my window
My head floats out the door
No one else around
And a shimmer takes my eye
I lift my head
I'm blinded by the sky
Feel my weight in front
Following the sound
It moves away so fast
I fall down to the ground
I know there's more to come
Jump back to my feet
And I only see ahead of me
Chasing down the street (down the street)
Gave my love to a shooting star
But she moves so fast
That I can't keep up
I'm chasing
I'm in love with a shooting star
But she moves so fast
When she falls then
I'll be waiting
Gave my love to a shooting star
But she moves so fast
When she falls then
I'll be waiting
