Within Your Reach

The Replacements

I could live without so much
I can die without a clue
Sun keeps risin' in the west
I keep on wakin' fully confused

I never seen no mountain
Never swam no sea
City got me drownin'
I guess it's up to me

I can't live without your touch [Repeat: x 2]

Cold without so much
Can die without a dream
Live without your touch
I'll die within your reach

Reach
Reach

I never seen no mountain
Never swam no sea
Drownin' in this city
Well, it's really up to me

I can't live without your touch [Repeat: x 3]

Die within your reach
Die within your reach
Die within your reach
Die within your reach

Reach
Die within your
Reach
Die within your
Reach

Reach... for the sky
