

# Playing With Fire

Darin

I wait I turn  
Things are heating up  
But I keep looking at her  
I see your curves  
We don t need no water  
We can just let it burn  
Is It me or is it getting hot in here  
You keep touching on me  
But I don t care  
This ain t where you want me  
I want you, yeah  
You ll see tonight  
We ll leave tonight  
You ll fall tonight  
Yeah I can feel it heating up  
You keep playing with fire  
You keep playing with fire  
You keep playing with fire  
You keep playing with fire  
You keep playing with fire  
You keep playing with fire  
You keep playing with fire  
You keep playing with fire  
You keep playing with fire  
I can feel it heating up  
I can make you fall in love  
You keep playing with fire  
You keep playing with fire  
You keep playing with fire  
You keep playing with fire  
The nerve of me  
To want your body all over me  
Gimmie the third  
Degree  
Baby I can t wait to see  
Is it me or is it getting hot in here  
  
You keep touching on me  
But I don t care  
This ain t where you want me

I want you, yeah  
You ll see tonight  
We ll leave tonight  
You ll fall tonight  
Yeah I can feel it heating up  
You keep playing with fire  
You keep playing with fire  
You keep playing with fire  
You keep playing with fire  
You keep playing with fire  
You keep playing with fire  
You keep playing with fire  
You keep playing with fire  
You keep playing with fire  
I can feel it heating up  
I can make you fall in love  
You keep playing with fire  
You keep playing with fire  
You keep playing with fire  
You keep playing with fire  
Is it me or is it getting hot in here  
I can feel it heating up  
I can make you fall in love  
You keep playing with fire  
You keep playing with fire  
You keep playing with fire  
You keep playing with fire  
I can feel it heating up  
I can make you fall in love  
You keep playing with fire  
You keep playing with fire  
You keep playing with fire  
You keep playing with fire
