

# Walkin' the Dog

Karyn White

Better keep him on the leash  
Put your man at the suites I had to ask what are you lookin' at  
It must look good to you  
To make you loose control  
When no no you're supposed  
To keep your poppy eyes on me Why does my man wanna roam all over  
Burying bones on every corner  
Better keep him on the leash  
Teach him how to be sweet  
I am just walkin' the dog I know he's supposed to be a girl's best friend  
(Just walkin' the dog)  
But he's my dog and I love him I know he's supposed to be a girl's best friend  
(Just walkin' the dog)  
But he's my dog, I am just walkin' the dog Gotta keep him on the leash  
Teach him how to be sweet  
Gotta keep him on the leash  
Teach him how to be sweet Gotta keep him on the leash  
Teach him how to be sweet  
Gotta keep him on the leash  
Teach him how to be sweet He never, never fails  
He's got's to wag his tail  
And I just have to say good boy But if he breaks his chain  
Yet I don't have him trained  
Will my doggy dog me out? Why does my man wanna roam all over  
Burying bones on every corner  
Better keep him on the leash  
Teach him how to be sweet  
I am just walkin' the dog I know he's supposed to be a girl's best friend  
(Just walkin' the dog)  
He's my dog and I love him  
I know he's supposed to be a girl's best friend  
(Just walkin' the dog)  
But he's my dog, I'm just walkin' the dog I know he's supposed to be a girl's best friend  
(Just walkin' the dog)  
But he's my dog, I keep lovin' my dog  
I just give it all  
(Just walkin' the dog)  
I love my dog, I'm just walkin' the dog Just walkin' the dog  
Better keep him on the leash

(Just walkin' the dog, just walkin')I'm just walkin' my dog  
Better keep him on the leash  
(Just walkin' the dog)  
I'm just walkin' my dogHe's a Rover gettin' over  
Don't say a thing 'cause it's good I told ya  
Never when you teach a old dog new tricks  
He's too slick, get out quickNo runnin' out chasin' the cat  
I'm walkin' him, walkin' the dog  
No runnin' out chasin' the cat  
I'm walkin' the dog, he's my dogI'm just walkin' my dog  
I'm just walkin' my dog  
I'm just walkin' the dogYou keep telling me  
He's a dog with a capital D  
If he gives me what I want and need  
He's my doggy dog indeedYou keep telling me  
He's a dog with a capital D  
If he gives me what I want and need  
He's my doggy dog indeed
