I Need a Man

M.B.C.

(I just need a)
Yo 7, this is Fever man, yes, indeed
This is another Ill Na Na production
Ill Na Na, Def Jam, baby, all the way, yes
From the streets of BK
To the streets of Long Beach, Compton
L.A., Los Angeles, y'know, California
(Aurelius 7)
I just need a, I just need a man
(Back up in New York City, the strong streets down in H-Town)
Strong and understands
(To the Windy City of Chicago, Chi Town)
All my life's demands, all my loving
(To the city of brotherly love, Philadelphia)
I just need a, not jealous of me
(Down in the Sunshine State, Miami)
Loves me for just me
(This is how we do it, baby)
Tellin' you the real is that I need a
(C'mon, yeah, yes)
I just need a
Homie, look, what you sellin', I ain't buyin'
With dude I'm done, tell him I ain't cryin'
You'll see the proof when I drop my album
It's the past now, plus dawg I'm better without him
(I just need a)
Dude that act right
If my life go dim, he can be my flashlight
Not the rebound dude who abused his last wife
A dude that ain't afraid to lose the mack life
And you don't got to question if he truly care
A little, dinner here, movie there
And he won't treat his wifey like his last whore, see
Is that too much to ask for?
But, I'm wiser now, I'm older now
And the truth is, a need a man to hold me down
And by now most dudes know what, "Na Na, be like"
So this time when I'm doing it, I'm doin' it right, yes
I just need a, I just need a man

(Woo)
Strong and understands
(Ill Na Na, baby)
All my life's demands, all my loving
(Yeah, yes)
I just need a, not jealous of me
(Oh)
Loves me for just me
Tellin' you the real is that I need a
I just need a
The dread straight jealous of mine
I put him on, you would think he would relish the time
But he didn't, kept fibbin' and kept his feelings hidden
Intimidated, slowly the love disintegrated, it's like I'm driving

(I just need a)
Making a wrong turn, woo
I need stability, something that's long term and
Maybe a dude with no kids
But he get deported, I'm troopin' his whole bid now
(I just need a)
A dude that respect his moms
Ain't afraid of the marriage or pushin' our baby carriage, whoa
I come home and he runnin' my bath
Late night's stressed out but he makin' me laugh and
(I just need a)
A dude that my brothers approve
A thorough man by my side if I win or I lose
But if I'm cool or I'm spazzin', we still a team
Dubbin' hard in the dancehall bashment
I just need a, I just need a man
Strong and understands
All my life's demands, all my loving
I just need a, not jealous of me
Loves me for just me
Tellin' you, the real is that I need a
I just need a
Built for the struggle and he move with integrity
Can handle my celebrity
A dude that's in love with Inga, respect Fox
And put a blue stone on my finger
(I just need a)
And cry with me, if we fight, we fight
But if I'm right, if I'm wrong, I'm right
And, homie look, what you sellin' I ain't buyin'

With dude I'm done, tell him I ain't cryin'
I just need a, I just need a man
(Now ladies throw ya hands up high)
Strong and understands
(And tell 'em niggas no longer we gon' cry)
All my life's demands
(And this a new year now)
All my loving
(Y'all don't have to fear now 'cuz ya girl Fox here now)
I just need a, not jealous of me
(So throw ya hands up high)
Loves me for just me
(And tell these niggas no longer we gon' cry)
Tellin' you
(And this a new year now)
The real is that I need a
(Y'all don't have to fear now 'cuz ya girl Fox here now, yes)
I just need a
Lookin' for a thug, oh baby, baby, baby
(Yo 7, this is Fever, man)
I just need a
I'm just lookin' for a thug, oh baby, baby, baby
I just need a
